ILONA JA HUVINA - AULIS

Ilona ja Huvina (freely translated: "as joy and fun") is a band which combines Finnish contemporary folk music, elements of jazz and singer-songwriter tradition. Ilona ja Huvina's musicians are most famous contemporary folk musicians who have been performing also with such bands as Värttinä, Gjallarhorn, Sväng, Spontaani Vire and many others.

Members of the band are Eero Grundström (harmonium and harmonica), Ilona Korhonen (vocals), Lassi Logren (fiddle and nyckelharpa), Sara Puljula (double bass).

All Ilona ja Huvina's songs are composed by lead vocalist Ilona Korhonen, and also all lyrics are written by her. She sings - of course - of love but also of many small surprising things in life.
